start	end	June 19		June 20	
		main room	room 1	main room	room 1
7:30	8:00	Welcome			
8:00	9:00	Brandon Rhodes - Core		Anna Ossowski - PSF	
9:10	9:50	Multilingual Natural Language Processing using Python - Gajendra Deshpande [EN]	Hacking Machine Learning - Jhoan Delgado[ES]	Descubriendo la magia de las bases de datos basadas en grafos con neo4j y python - Juan Gómez [ES]	The first steps of contributing to the tech ecosystem in Mozambique: teach Python as Code for Moz community
10:00	10:40	Python + Psicología: Experiencias de aplicaciones de Machine Learning en Investigación Social - Alexis Carrillo [ES]	Behave yourself! A better way to do testing - Kevin Hernández [ES]	Build a serverless API in AWS in minutes: Boosting your stack with Chalice and CDK - Juan Alzate [ES]	PyLadies Brazil, largest PyLadies chapter of the world - Débora Azevedo [EN]
10:50	11:10	Sponsor 3: 20min - Globant		Sponsor 4 20min - Mercadolibre	
11:20	12:00	Taking your data science code to production level using Kedro - Ivan Torroledo [ES]	Building your First IoT Application with Flask and Micro-Python - Oscar Santos [EN]	Functional Programming inside OOP? It's possible with Python - Carlos Villavicencio [EN]	#NoMoreMatildas - Carla Florida [ES]
12:00	13:00	Lunch Break		Lunch Break	
13:00	13:40	Reducing Deep Learning training times with data parallelism strategies and TensorFlow Distribute - Juan Muñoz [EN]	Using Python to listen to your heart - Lorena Aldana [ES]	Voices from the Past: Love, Life and Relationships from the 1980s with Flask - Suze Shardlow [EN]	Restauración de imágenes multiespectrales con GAN: generar imágenes nuevas para parchar las corruptas - María Meneses [ES]
13:50	15:20	Django Girls	Lightning Talks	PyLadies Col	Lightning Talks
15:30	16:10	Shinyproxy + k8s: cómo disponibilizar las aplicaciones desarrolladas en Dash (python) o Shiny (R) - Mateo Graciano [ES]	Using Python to start learning Unconstrained Numerical Optimization Algorithms - Indranil Ghosh [EN]	Optimization problems in Python using Pyomo: An introduction - Camilo Velasquez [EN]	Monitoreo de salud de un website: El coctel ganador entre selenium, docker y opsgenie - Jose Reyes [ES]
16:20	16:50	Sponsor 1: 30min: Playvox		Sponsor 2 20:min - Elastic	
17:00	18:00	Sebastian Montaño - Web		Lindsey Heagy - Computer Science	
				Closign Remarks
